AMENDMENT AND RESPONSE TO OFFICE ACTION

Commissioner for Patents
Washington, D.C. 20231

NEEDLE & ROSENBERG, P.C.
Customer Number 23859

Sir:

Responsive to the Office Action mailed on August 12, 2002, please amend the application as set forth below and consider the remarks that follow. Also, accompanying this Amendment are a Request for a Two-Month Extension of Time and the appropriate extension of time fee.

Amendment

In the Claims

Please rewrite the following claims.

1. (Twice Amended) A method of reducing formation of artifacts in a nucleic acid amplification reaction, the method comprising
conducting a nucleic acid amplification reaction using a template-deficient oligonucleotide as a primer,
wherein the template-deficient oligonucleotide comprises one or more template-deficient nucleotides,
